HOW MUCH DO YOU OWE?
TWO, FIVE, TEN OR TWENTY THOUSAND?
STOP! THINK! MEDITATE!
We can consume this obligation and relieve you from further worry. An indebtedness policy on your life at \$8.00 and up, per \$1,000 relieves you of this heavy obligation and makes the old farm safe for your family.
Have paid as high as \$22,000 in one month, on death claims and they were your neighbors or your friends. Vacant chair is a sad thought.

IMPORTANT TOPICS

To Be Considered By Chamber Of Commerce During Year

Gerard A. Abbott, executive secretary, of the Chamber of Commerce of Lancaster and Garrard County, has listed the following topics that will have consideration of the body during the year 1922:

1. To change the fiscal year from January to March 1, which is the custom which prevails in many counties north of the river. This change will make all legal documents mature and expire at a time in the year when the agriculturist is in a better condition financially.

2. To establish a United Charities, making it necessary to have all distributions and relief come thru the Chamber of Commerce so that this organization may have a record of the various disbursements, thus preventing duplication and impostors and that class of people who are prone to fleece the public.

3. The Chamber of Commerce will maintain a credit rating bureau and each member will list with the secretary all names appearing on their books as "open account." It is the intention to make this list confidential and one merchant, though a competitor of another storekeeper, will decline under certain conditions to open an account with an individual who has abused the privilege elsewhere.

4. As Lancaster is without a telegraph station and as it has an Aero Club with money in the treasury, we believe it will be feasible to establish a radio station here, securing for our citizens wireless information which radiates from the Cincinnati station.

5. The newly-elected council will interest itself in the passage of an ordinance increasing to \$25 the occupation license fee required from peddlers and sidewalk vendors who invade the town on court days and swindle the farmers and under sell the established merchant.

6. We have just succeeded in establishing a receiving station for cream, which shipment is made daily from Lancaster to Cincinnati.

7. We have induced a Lincoln county manufacturer to establish himself here and his small broom factory is now operating with a capacity of three hundred brooms per week.

8. We are securing free delivery service of mail to our residents. The government has already the appropriation and the matter is simply held for a few weeks to afford the citizens an opportunity to erect mail boxes.

GERARD ALAN ABBOTT,
Executive Secretary.

Whenever we read of an American girl marrying a foreign nobleman we can't help wondering how much she paid for him.

There are some jokes, which, though oft repeated never grow too old for consumption. For instance, congress is again about to resurrect that hoary old bird known as "readjusted compensation for the men who fought the war."

Wanted: Salesmen to sell to the farmers **ACME MINERALS** which grows the bone and supplies the mineral elements; **ACME PIG MEAL** equal to milk; **ACME CALF MEAL** and **ACME MILK FEED** for chickens. Sales are large. A paying business. **ACME MINERAL CO.** 1-12-21-pd. Wheaton, Illinois.
